Holiday Activity Easter programme for 11-16 yr olds

Dear all

As part of the governments offer to families and children in receipt of free school meals we are looking to offer an Easter holiday programme of on-line activities for 11-16 yr olds.

There are three elements to the programme:-

- A food box and activity pack provided by Pink Orange
- A face to face programme offered through a range of schools
- An online offer of pre-recorded for 5 to 10yr olds and pre-recorded or live non-interactive and live interactive content for 11 to 16yr olds to operate over the school holiday period 29<sup>th</sup> March to 9<sup>th</sup> April

We will be sending out packs of information and activities to families during the week beginning the 29<sup>th</sup> March.

As part of this offer, we are looking to develop a programme of on-line activities using platforms such as Zoom or Teams to engage young people and present opportunities for them to interact with each other.

Some of this offer will be supplied by County Council services such as Museums and Libraries, some will be offered by our Voluntary Sector partners who were already planning to provide holiday activities and events.

We would like to supplement this offer by engaging Arts and Cultural sector freelance providers to provide some of the sessions. Typically, sessions would last around 40 minutes to an hour and could be a stand-alone session that was repeated a number of times or a series of linked session which follow a theme.

Attached with this letter is a template for you to give us some basic details on the type of session you could offer and for you to detail your charges for the sessions.

We will require all content providers to hold a current DBS certificate or to have obtained a certificate prior to commencement of the sessions.

To indicate your interest in participating please fill in the attached proforma. Please note this does not guarantee that you would be commissioned, but is purely an expression of interest

Yours sincerely

Robin Konieczny  
Commissioning and Service Development Manager
