

THE MOOSEY SCHEME

The Moosey Scheme is a completely free monthly professional development programme for artists at all stages of their careers focusing on the business side of the art world. By sharing our 10+ years of experience in navigating contemporary art, our monthly programme offers artists a space to learn how to price work, approach galleries, package artwork etc etc.

As a gallery working with emerging artists the constant theme is that nearly all artists struggle with all of the above. Our programme aims to change that.

Each month we programme events for 10 participants, including:

- Pricing of work
- How to package work safely and ship
- Approaching galleries, do's and don'ts
- Cataloguing and documenting work
- Meet and greet with exhibiting artists
